Parents know that competitive sports will teach your child skills such as teamwork, discipline, exercise, and hand-eye coordination, just to name a few. With Childhood obesity on the rise and video games continuing to take up our children's attention, it is crucial to get them interested in active sports like badminton. At International Badminton Center, your child will master their skills and get some needed exercise in a safe and exciting environment while creating memories to last a lifetime.

Whether you have played in the back yard or on the beach you will learn the proper way to play. IBC is a member of USA Badminton. We are the **first facility** in New Jersey to offer state of the art dedicated Olympic regulation badminton courts.
